## MEMORANDUM

**TO: Mr. Carlin Hertz**  
**United States Coast Guard Boating Safety Division**

**FROM: Cecilia Duer Executive Director**  
**National Water Safety Congress**

**DATE: May 21, 2012**

**RE: Final Report for the Fast Track for Day at the Beach,**  
**Implementing the Plan, Grant #1102.31**

Please find enclosed the documents for disbursements of funds to the National Water Safety Congress for Grant # 1102.31, Plan Grant and the final narrative. We did deliver most of the deliverable package to you in Washington DC in April during our presentation at BSAC. Please let us know, other than the final video coming out this week, if there is anything else you are missing or would like to have. The evaluations of the event were also enclosed in the package in DC.

We have accomplished all of the items as promised in our grant application and narratives since.

We did provide a report to the CG at BSAC on April 13, 2012. We also delivered additional items, the DVD with the 5 minute clip and the hotel keys, and beach balls samples with the Plan imprinted on them. A final cut of the same video will be included in the IBWSS Proceedings and sent to 325 guests and attendees this week, May 25<sup>th</sup>, 2012.

The Day at the Beach was very successful on March 7, 2012 in San Diego, CA. With close to 300 guests it was the most well attended day on the water in many years at the Summit. ALL partners participated in one form or another as Implementing partners of the Strategic Plan.

All objectives and all strategies were covered and presented during the hands on event. If you have any questions, please contact me at 440.209.9805.

Thank you for your continued support!

**Respectfully submitted, Cecilia Duer and Jerry Craddock, May 21, 2012**
